Attachment #8

Dear SUN School Site Manager,

Thank you for partnering with OSU Extension 4-H to bring science education to the youth and your site! We hope this experience was an enjoyable and educational experience for both you and your students. Your evaluation of the 4-H Junior Wildlife Stewards After-school club program will help us to improve our efforts for the future. We assure you that we will use the information that you provide to consider changes for next time. We are also interested in how this experience has impacted your students.

You are not required to complete the survey if you do not want to, but information you provide to us will help us better serve you. If there are some questions you don't want to answer, you can leave them blank. All completed surveys will be kept anonymous.

If you decide not to complete this survey your decision not to participate in this evaluation will not impact your participation in the 4-H After-school clubs program in future years. There are no foreseeable risks or direct benefits to you as a participant in the evaluation process. If you have any questions or concerns, please don't hesitate to contact me at 503-916-6075 or email me at Maureen.hosty@oregonstate.edu. You may also contact the Oregon State University Institutional Review Board (IRB) Human Protections Administrator at 541-737-4933 or IRB@oregonstate.edu.

Thank you for your consideration.

Sincerely,
Maureen Hosty
OSU Extension Faculty
